---

## Certif1cations  |  Internships

---

**Geekster | Geekster Full Stack Web Development Bootcamp**
- Solved 100+ DSA/Coding questions on Hackerrank and Leetcode.
- Participated in various Geekathons organised by the platform.
- Worked on various projects like **justDial**, **youtube, Gmail** and **E-commerce**

---

- Technical Stack Learned **: React, NodeJs,  Tailwind, Typescript,**

## Projects

---

### Bank Dashboard

**[https://github.com/sandhyasawalkar1999/bank-dashboard]**
- Developed a dynamic **Bank Dashboard** to track and visualize financial data such as income, expenses, and savings trends.
- Implemented **interactive charts** using **Chart.js**, including line, bar, and pie charts, to present financial summaries and insights.
- Built real-time financial tracking and expense categorization features, allowing users to compare actual spending against budget goals.
- Integrated **data visualization** techniques to improve user experience and financial decision-making.

### You tube Application [https://github.com/sandhyasawalkar1999/youtube/tree/main/youtube]

- Developed a **YouTube-like application** using **React** for video search, playback, and content browsing.
- Integrated the **YouTube API** to fetch video data, including video titles, descriptions, views, and thumbnails.
- Implemented **search functionality** with debouncing to efficiently query videos based on user input.
- Created a **responsive UI** for seamless viewing on mobile and desktop devices.
- Managed application state using React hooks to handle video loading, selection, and playback features.

---

## Skills

---

- **Computer Language** : Java, Javascript,Html ,CSS
- **Frameworks / Libraries** : ReactJS, NodeJs,  Tailwind, Typescript,
- **Tools & Technologies**  : GIT & Github, VS code

## Education

---

| Year | Degree/Examination | Institution/ Board | CGPA/Percentage |
|------|--------------------|--------------------|-----------------|
| 2023 | B. Tech | SPPU | 9.71 |
| 2020 | Diploma(computer egg.) | MSBTE | 85 % |
| 2014 | 10th | SSC | 70% |

## Achievements and Co-Curricular Activities

- Secured 139 rank in Geekster's coding challenge June 202
- Top performers among Received 5 stars on Hacker-Rank in the problem-solving assessment.
- Won Geekathon in geekster where we have created Linkedin Clone.

**Add Ons [Must be on Top]** –

## Professional Experiences

**XYZ pvt ltd**                                          Sep/2020 - Oct/2021
*Sofitware Developer*
- Worked on the Question Tool application based on MeteorJS.
- Implemented CRUD features of Questions and instances.
- Built the PDF archive download feature for Questions to summarise the discussion of the questions.
- Build the highlight feature on the question instances so that admin can control the highlighting of the question remotely

## Projects Format

## Achievements and Co-Curricular Activities

- For awards/achievement
  - [Hackerrank track](#) - Solve questions, get stars mention it in resume
  - [Leetcode weekly contests](#) - Appear for weekly contests and gain rating
  - [Codechef](#) - Appear in codechef challenges and gain stars
  - Participate in virtual hackathons
- Mention participation and involvement in any society/activity.
- Example: Volunteered for fests/ Dance competition/Organised an event etc.

Points to take care
- ☐ Mention Projects you are conﬁdent enough
